

Cipher Magnus

The Cipher Magnus is an IT Staff Recruitment Agency
Where We Will Collect Skilled Candidates
and Place them To the IT or
Non IT Companies For Tech Roles.
In India There Are Almost 25K+
Recruitment Agencies Are Working
Which Includes IT Sector .

These are the Questions Which Can Anyone Ask If We Tell
them About us.

- How Could We Get a Place In a Market Which is Full of Competition?
- How Could We Earn ?
- Where We Get the Skilled Candidates For Any Job Role?
- How Can We Place them ?
- Why Will the Candidate Join Us For Placements?
- How do we Start ?How do we Proceed
- And Many More

1)How We Get the Candidates?

The Candidates Will be From the Tier2-Tier3 Colleges

Our Process Will Be

We Go To The Colleges And Convince Them to Host the Vibe Coding Competition In their Colleges.

We Conducts Seminars,Google Meets To Explain Student Why they Must Participate

Then For Interested Students Will Register An Online CBT Test Which Contains Basic Development as well as Tech Related News

The Students Will Participate As Per their Year
The Students of 3rd Year Will Give Test From the Syllabus Of From 1st To 3rd Year Development Subjects

After Test The Result Will Be show them Through Emails

Then The Participants From 1st ,IInd and IIIrd Year Will be Collected Together as a team and they Will Lead From the IIIrd Year Candidate

A Big Complex or Medium Project Will Be Assign to the Team And The Purpose,Description Will Be Explained From Our Team To the Squad Leaders

The Projects Will Be Assigned With the Deadline of One Month

The Winning Squad will Get Prizes and Every Candidate Will Get a Certification of primary Language/Technology of the Project

Benefits Of The Competition

- The Squad Leaders Will Understand Team Working,Project Management,Communication -Skill Improved
- The Other Member Will Understand How to Work with Team ,How to Follow Instructions And How To Break a Task ,How to do a Task
- The Fresher Will Understand the Process And More .

We Need a Strong Crystal Clear Communication Which Connects With Student To Understand that their Participation Not Only Helps US It Also Helps to them

A Strong Communication Team Will Help use to Lockin Deal With Clients(Colleges)

2)Why the Colleges Connects With Us?

The Colleges Will Connects Us Because We are Not Promoting Any Coaching Or Off Campus Learning Institute .We Are Just Organizing a Contest Where the Students Will Participate and Win as per Their Own Attentiveness and Technical awareness.
Awareness is First Argument of Student .

This Will Help to Figure Out Them To understand skills Of Underated Student Of Classes

- The Colleges Will Get Student Progress Stats From the Start to End
- We Assure Them To Conduct Specific SeminarsIn every 6-8 months For growing Fields Of IT
- We Place Students With Our References and Tie Up
- And Give Colleges Permissions To Use Their Names For College Marketings
- We Will Promote their College To Schools Students For Admissions

3)How we will Connects to the student?

We Will ask the Required Student Data from the College Institutions

- Name
- Class
- Starting year
- Current Year
- Skills
- Syllabus

We Will conduct Two Presentation On a Single Day Either Via Google Meet And Presentation Our Presentation Will Be Short ,Quick,easily Understandable
So that Student cannot Feels Annoyed Because we know how the Presentations and Seminar Felt Irritating.

We Will fill their registration where we give Them Option To Operate Remotely and Deals them
How could they Operate in a team Remotely .

We Will Ask Them To Teach Them Github ,ExcelSheets,Figma And The Opensource Tools
Which are Necessary For their Project Only to Non Freshers

4)How Do We Place Them ?

This is a Pending Work From our Side We Can Assure them To Help in Building Resume Technical Jobs Reference etc

5) How We Will Earn

We Will Earn From

Colleges : Where We Host our Competition

Companies :

Ai Agents:
